What Vidimixer can do for you:

- Vidimixer helps you create a fantastic atmosphere your customers will enjoy. They'll stay for longer – and stay buying!
- Preloaded with 1000 music videos profiled to appeal to your customers. So they will come back time and again. (Updated with new videos every month via DVD).
- Increase your sales with Vidimixer's powerful advertising and promotions functionality. (Create your own adverts or use the pre-installed advert library).
- Generate additional revenues by selling advertising for other companies on your Vidimixer.
- Reinforce any message with easy-to-programme, instant scrolling text.
- Completely flexible, touch-screen music scheduler can be preprogrammed by us or controlled locally by you.

DT Productions and Soundnet are leading European suppliers of audio and video content to shops, pubs, bars, clubs and public venues.

Working with us is a truly hassle free experience.

BRAND PROFILING

Our passionate team of music experts will meet with you personally to discuss your brand profile. We will help you select the right video and audio content for your target audience and create the timers so that the right tracks are played at the right time.

CONTENT DELIVERY

Our library of content is now over 30,000 music videos. Our strong relationship with the record industry means that we get lots of new tracks pre-release so they can be seen in your venue before they can be bought in the shops.

LICENSES

We are fully licensed and legally able to provide video and audio content to sites across Europe.
